

**ALEXANDRA – YOU ARE BEING INVADED BY THE MAGNIFICENT CREATURES THIS WEEEEKEND!!!**

**DARE to explore the world of the EXTINCT Dinosaur SPECIES!**

**Discover these wonderful creatures in an Alexandra Pioneer Park this weekend (18<sup>th</sup> & 19<sup>th</sup> February), as they awake roar, and soar above you moving graciously almost alive, you can just imagine how these enormous creatures ruled the earth over 60 million years ago.**

**The undercover exhibition creates a very special mood with spectacular setting, fully lifelike movements and noise, bringing them to life!**

**You can't get any better if you love Dinosaurs!! This has to be the one to see.**

**This walk-through experience wows you with every corner you turn, over 30 of these wonderful creatures – with the chance of hearing them roar, seeing them move, learning their history, and exploring their magnificent features, all so very different!**

You don't want to miss the all-time favourite Tyrannosaurus Rex, the twelve-metre neck of Brachiosaurus or the much raved about ROBOTIC RAPTORS! Each creature has been modelled on the original fossils that have been excavated from around the world, allowing for the most accurate representation of these wonderful Jurassic age animal!

It's interactive, it's educational and most of all its SENSATIONAL! Fossil Panning, Bone Digging, Dino-mite playground and many more activities for adults and kids alike!

Join the journey and travel back through time through the live entertainment displays. It doesn't matter if you are 2 or 102, you will be enchanted as the greatest creatures ever to walk on earth return and come alive in the land of the long white cloud!
