

# SL7 Bright Sparks

Calling all inventors, innovators,  
entrepreneurs and left field thinkers

Do you think you're clever? Do you think you can design or improve a product, app, service? If so, then you could be one of the next bright sparks?

## What's in it for me?

If your work is successfully chosen as **one of the best**, then you have won an all-expenses paid day trip to Auckland to visit:

- Icehouse (where ideas become reality)
- Anthony Harper lawyers (the people that protect good ideas)
- At a lunch meeting you will meet people who will share their story of there journey to success.

You will gain an understanding and the confidence to walk alone at the front of the pack, and not be part of the crowd.

## How to enter

Create an e-file with your ideas, prototypes, research, thoughts, goals, drawings and anything that creates your vision. Remember it is about the content not cosmetics

Then email it to [brightsparks@SL7.co.nz](mailto:brightsparks@SL7.co.nz)  
Closing date: Wednesday, 28th June 2023

\* All work remains the property of the inventor.
