

Whakakotahi Award and the Dunstan School Values

At the end of Term 1 each House selected students from each year group who have consistently demonstrated our School Values. Each of these students will be receiving a certificate of recognition for this in their House Assemblies.

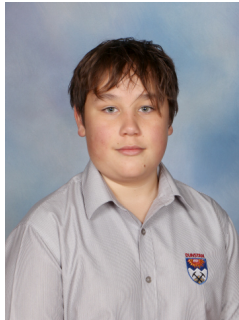

From these nominations each House then selected one student from each year level, to receive a Whakakotahi Certificate. These students were identified as consistently demonstrating all of the school values throughout the first term. These certificates were awarded to students in assembly earlier this term.

Finally one student in each year level was given the overall Whakakotahi Award by Mr King and the SLT. These were students recognised for their exceptional demonstration of all three values consistently throughout the term. Again these were awarded in assembly earlier this term.

We would like to acknowledge the following students for receiving the Whakakotahi Certificates:
